

SAVING HISTORIC PLACES

Most Endangered Places 2019

NOMINATION FORM

Each year, historic properties across Oregon are rehabilitated and reused, enriching our lives, revitalizing Main Streets, and attracting visitors. Unfortunately, there are also scores of historic properties in imminent danger of being lost to hard times, development pressures, demolition, or neglect. These unique places tell the story of their community's heritage, values, industry, and culture.

Restore Oregon seeks to help preserve and pass forward these irreplaceable assets by focusing public attention and resources on them. Properties selected for the 2019 Most Endangered Places list will have the opportunity to apply for a seed grant, receive technical assistance to address immediate threats, and develop a preservation plan.

Criteria for selection include historic significance, degree of endangerment, local and stakeholder support, and long-term viability.

We strongly encourage applicants to contact Restore Oregon to discuss your nomination. Please read our Most Endangered Places Program [Information for Applicants](#).
